

Exhaust series Atmos Mono / Mono plus

Description	Atmos Duo plus	Atmos Mono plus
Housing DxWxH	700x560x1050mm	
Connection voltage	230V/50/60 Hz 115V/50/60 Hz	
Nominal current	8,4 A (230V) 11,9 A (115V)	
Electrical power	1,2 kW (230V) 0,8 kW (115V)	
Motor	Permanent-rotor motors	
Max. airflow	320m ³ /h	
Negative pressure	8.500 Pa (230V) 5.800 Pa (115V)	
Filter type	Compact filter	
Filter material	Synthetic-Fiber	
Activated carbon	1 pc. Comfort Carbon bags	2 pcs. Comfort Carbon bags
Hose connection 1	NW 77,5	
Hose connection 2	NW 50	
Controller	Membrane keyboard incl. digital display showing filter saturation, airflow, operating hours or speed value	
Surrounding conditions	+5°C to +35°C, indoor, relative humidity of max. 65%, no condensation on equipment surface permitted, vibration-free, dust-free
